Important Changes for 2020

- We will doing the grids for the C Superbike Expert and A Superbike Expert classes from times in the second round of practice. If we do not get a time for you for any reason you will be placed at the rear of the grid so do not forget to verify your transponder is working in round 1.

- Those classes will also be longer by a couple of laps than the other classes (the laps includes the Novices if they stay combined, if they are split the Novice class will go back to the same as all other classes). There will also be a purse and championship bonus in 2020 for those classes. More information on that will be available online and at registration.

- E Superstock and F Superstock rules have changed. F Superstock has gone to 350cc twins and 375cc singles; E Superstock has gone up to 400cc Twins and 375cc singles.

- Due to the extremely high cost of certain tracks, fees will be going up for those tracks. Auto Club Speedway, Barber Motorsports Park, Pit-Race, and Road Atlanta will have a first entry of \$150 pre entry and \$170 at the track. 2nd entry on down will be the same at all venues.
